Brian,  
That would be fine. Please use this email to document ACEH concurrence. I'll update Geotracker shortly.

Mark-  
CRA and Chevron are working on finalizing the scope of work to close the data gaps identified in your letter, but we will need a little more time. We would like to request a 2 week extension for the submittal of the data gap work plan and path to closure schedule. If acceptable, the requested document will be submitted by April 22, 2013.  
Thank you,

---

Carryl and all,

Please use this email to document ACEH concurrence with a request for an extension for the submittal of a Data Gap Work Plan and Path to Closure Schedule for the subject site. I inadvertently did not update the date when the letter got sent, and had already revised the date to April 8, 2013 on Geotracker once I realized my error. Rather than re-revise, let's use the existing date, but should you need that time, let me know.

Regards,
