Good Afternoon Keith, the RWQCB has completed an update to the ESLs as of February 22, 2016 (see link below). Due to the recent ESL updates, Amec Foster Wheeler on behalf of the Port of Oakland would like to suspend submittal of the Soil and Groundwater Investigation Work Plan requested in the attached letter and prepare an amendment to the Completion Report with revised tables, figures and recommendations based on the updated ESLs.

Please let me know if this is acceptable to you and we'll prepare the amendment for your review.
