Good Evening Paresh,

According to the June 18, 2009 approval letter from the Alameda County Environmental Health (ACEH), the end of the public participation period for the Corrective Action Plan for the above referenced Site was July 22, 2009. Stantec did not receive any comments from the public during this period. Did the ACEH receive any public comments?

At this time, Stantec is assuming that no comments were received from the public and has began to implement the pre-field stages of the corrective action work plan. As required in the approval letter, Stantec will provide ACEH with at least 3 days notice prior to conducting field work.

Thank you,
Alicia R. Falk, R.E.A.
