**Subject:** Former Goodyear Castro Valley - Well Completion Report Release Request

Good Morning Karel,

I am assisting Jack Hardin and Gary Messerotes with the Site Conceptual Model and Closure Summary for the Former Goodyear DEX #9578 located at 3430 Castro Valley Blvd, Castro Valley, CA.

Part of the Site Conceptual Model is a Sensitive Receptor Survey which includes a 2,000-foot radius search for wells. Please sign and return the attached Department of Water Resources Well Completion Report Release Request so I can obtain DWR Well Completion Reports for wells within a 2,000-foot radius of the Site.

Thank you,

**Alicia Jansen**
