Hello Terry,

I took a few days off last week and this Monday was a Holiday. This week, I've had meetings already scheduled that have impacted my review of your site. However, I am nearly complete with the site review and should be able to provide you with a response by this Friday.

Please contact me should you have any concerns.

Sincerely,

Hi Paresh,

Any thoughts on this request? We have the scheduled monitoring set up for the end of the month but would really like to just proceed with NFA based upon the past outstanding results etc.

If your time allows please advise by 02/20/09.

Thanks,

Terry

Hi Paresh,

It was nice to finally meet you yesterday. Thanks you for taking the time to review this project--if possible since we are attempting to avoid the cost of another round of testing after your review I'd really appreciate a read on whether you think we can go for the requested No Further Action (NFA) on this site. We'd like to stop the quarterly monitoring this quarter based upon your approval of the NFA.

Thank you again for your time to discuss and I look forward to hearing from you shortly.

Terry

Hello Terry,

I have a conference call scheduled at 10:00 am tomorrow. After that, I should be available. At this time, I do not recall if I have reviewed your case RO482, but we can discuss the case tomorrow.

Hi Paresh,

I will be at your offices tomorrow meeting with Mr. Jerry Wickham on another project but wanted to see if I could introduce myself to you and see if you have had an opportunity to review the No Further Action (NFA) request sent in October 27, 2008 on our site 7176 RO # 0482 located at 7850 Amador Valley Blvd in Dublin.

We like to not approve any more costly sampling if possible at this site due to the successful past results. Are you available to discuss briefly with us sometime between 10:30 and 12 tomorrow while we plan to be at your offices?

Thanks,

Terry L. Grayson
