Phone call with Mateo 415-672-6443. He is the owner of the Long Life Care Home, which is west of 4255 MacArthur Blvd., between the trailer park and I580 on ramp. He is trying to sell his property and the lender has required him to pay for an environmental report. I indicated that there was an open fuel leak case at 4255 MacArthur Blvd. Petroleum hydrocarbons had been detected on site and had been detected in groundwater southwest of the site in the direction of groundwater flow. He asked about health hazards for his site posed by the fuel release from 4255 MacArthur. I indicated that I was not aware of any health hazards posed by the site but further evaluation of 4255 MacArthur would be conducted in the future.
