

Phone Log (18501 Alesperian Blvd.)

8/16/95

Left msg w/ Scott Boston to forward latest QMR for this site to this office for review. Told him we ~~never~~ have been in contact w/ Tosco & station operator regarding ~~our~~ UST system integrity results for the last year.

8/23/95

Left msg w/ Scott Boston to let him know we are pursuing investigations on UST system integrity at the site & for him to please phone me to let me know status of most recent QMR

10/2/95

[9/95, 6/95] ²⁹⁵⁻¹⁶⁵⁰ Called Alisto Engineering to inquire the status of QMR's. Bill Howell, the new Project Manager indicated that gw sampling occurred on 6/95 & 9/95 & the 6/95 results have gone out as a report to BP.

10/17/95

Left a message for Heather Smith to call re: her letter dated 10/13/95.

10/18/95

Spoke w/ Larry Silva w/ TOSCO regarding their 10/13/95 letter. He indicated that TOSCO did go through the daily variations for this site & found no evidence of a sig. release. I told him that if BP requested more info., ~~then~~ then I would expect TOSCO would provide this to satisfy BP's ~~the~~ inquiry.

Phone Hog (18501 Hesperian Blvd)

10/23/95

Scott Hooton called to say he would send out
QMRs for June (possibly Sept) for this site.

PHONE LOG (18501 Hesperian)

Moise

3/1/94

Ted, Alisto, 295-1650, gave me the name of the property owner of the site adjacent to his clients. They have been unsuccessful ⁱⁿ gaining access to install a well on this property. Installing a well on this adjacent property is crucial to the quality of the investigations.

(David)

Kwik milady Cleaners

16709 Cowell St.

San Leandro, CA 94578

(510) 278-1811 (Dry Cleaners)

3/1/94

I phoned the dry cleaners. The woman who answered stated that Ron Gehrke, father of David Gehrke who owns the dry cleaners, is the one I should contact re the property adjacent to the gas station. She said she would ask him to notify me.

3/1/94

I spoke to Ron Gehrke (510) 537-8007 re access agreement. Explained the need for access to his site.

Address: 19231 Lake Chabot Rd.

Castro Valley, CA 94546

Phone: (510) 537-8007

8/1/94

Left message for Scott Hooton inquiring about the status of study reports. Last one ~~submitted~~ ^{conducted} was in Feb '94.

5/11/95

Left a message for Scott Hooton inquiring about getting the 1st QMR 1995 + a Report of Work Completed by Alisto Engineering on 2/15/95.

Asked if it would be possible to get those reports before the 5/17/95 Site Review Meeting.

(206)
251-0667

- Contact Mr. Alagi (Station Operator) to resolve inconsistencies in VST file.
- piping - dbl walled v single walled
- lined trench?

Tank Tightness Testing ~~passed~~ dated 8/31/95
passed.
