Dear Mr. Atthowe,

Alameda County Department of Environmental Health (ACDEH) staff has reviewed the case file in conjunction with the State Water Resources Control Board's (SWRCBs) Low Threat Underground Storage Tank Case Closure Policy (LTCP). Based on our review, the case does not appear to meet the LTCP Groundwater Specific criteria as the contaminant plume is not defined in the up gradient direction.

Therefore, ACDEH requests preparation and submittal of a work plan for further plume definition by the date specified below.

Please note that ACDEH has updated it's Attachment 1 with regard to report submittals to our agency. ACDEH will now be requiring a Submittal Acknowledgement Statement, replacing the perjury statement, as a cover letter signed by the Responsible Party (RP). The language for the Submittal Acknowledgement Statement is as follows:

*"I have read and acknowledge the content, recommendations and/or conclusions contained in the attached document or report submitted on my behalf to ACDEH's FTP server and the SWRCB's GeoTracker website."*

Please make this change to your submittals to ACDEH.

Please upload technical reports to the ACDEH FTP site (Attention: Keith Nowell), and to the SWRCBs Geotracker website, in accordance with the following specified file naming convention and schedule:

- **June 26, 2017 — Work Plan for Plume Delineation** (File to be named: RO0000490\_WP\_R\_yyyy-mm-dd)

Thank you for your cooperation. ACDEH looks forward to working with you and your consultants to advance the case toward closure. Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at [keith.nowell@acgov.org](mailto:keith.nowell@acgov.org).

Sincerely,  
Keith Nowell
