**Subject:** RE: 060119-2350 (2368) Harrison St., Oakland -RO0000505- Extension request for off-site subsurface investigation report deadline

Peter,

Based upon your request, the schedule for submittal of a report with the off-site investigation results is extended to May 24, 2010.

Regards,  
Jerry Wickham  
Alameda County Environmental Health

**Subject:** 060119-2350 (2368) Harrison St., Oakland -RO0000505- Extension request for off-site subsurface investigation report deadline

Jerry,

During utility locating last Thursday, CRA was unable to clear the proposed boring locations on the west side of Harrison Street or on 24<sup>th</sup> St. (proposed boring B-11 through B-13 in CRA's November 11 2009 *Survey of Potential Off-Site Sources and Subsurface Investigation Work Plan Addendum*) due to gas lines and sewer lines. CRA also tried to clear a boring location the north side of 24<sup>th</sup> St., to no avail. The best alternative appears to be to drill a boring the parking lot on the south side of the Wheelworks building. The revised location of boring B-11 is shown on the attached figure. CRA sent the property owner a request for access on Friday.

CRA is also experiencing delays in obtaining access to the Oakland Senior Center (the location of proposed borings B-5 through B-7 on the attached figure). Based on these issues, CRA requests an extension of ACEH's 4/23/10 report deadline to 5/24/10 for reporting results of the off-site subsurface investigation.

CRA anticipates meeting the 4/23/10 deadline for reporting results of the soil vapor investigation.

Regards,
