**Subject: Semi-annual Monitoring Schedule**  
Omega Termite  
807 75<sup>th</sup> Avenue  
Oakland, California  
AEI Project No. 262157  
ACEH Site RO0000508

Dear Mr. Wickham:

AEI Consultants (AEI) has reviewed the monitoring records for the subject site and have determined that March (First Quarter) and September (Third Quarter), the high and low points, respectively in the annual groundwater cycle, represent the best times to sample wells at the site. The next semi-annual monitoring event is scheduled for mid September of 2009.

Should you have any questions or comments, or need any additional information, please feel free to contact me at (925)946-6000, ext. 122 or by e-mail..

Sincerely,  
**AEI Consultants**

Robert F. Flory, PG  
Senior Geologist
