**Site Closure Status Request**  
**Pacific Supply**  
**1735 24<sup>th</sup> Street**  
**Oakland, California**

Dear Mr. Chan:

Brunsing Associates, Inc. (BAI) submitted the report titled, "Groundwater Monitoring Report, and Site Closure Request", dated July 29, 2003 in response to your letter dated May 6, 2003. The report presented the results of BAI's June 2003 sampling event for wells MW-1, MW-2, MW-3, and VRW-1 through VRW-9 at the Pacific Supply site, located at 1735 24<sup>th</sup> Street. This report also requested that the site be reviewed for closure based on the Risk Based Corrective Action Levels for Oakland.

Because we requested that the site be reviewed for closure, we have not sampled the wells since June 2003. We are in the process of scheduling our groundwater sampling events for the final quarter of 2003, and would appreciate information regarding the status of the closure request, and whether groundwater monitoring needs to continue.

I appreciate your understanding in this matter. If you have any questions or comments regarding this request, please do not hesitate to contact me at (707) 838-3027.

Sincerely,

A handwritten signature in cursive script that reads "Michelle Floyd Frederick".

Michelle Floyd Frederick
