9-24-99 Spoke to Aldo Guidotti, attorney concerning his case closure request. I told him there are notes in the file from Madhulla Cozart that she requested the consultant to use the RBCA methodology instead of the dogbody model. We have not received an amended risk assessment.

Left mess. for Hageman-Aguirre, Inc. to update me on the status of risk assessment using the RBCA methodology.

3-1-2000 Spoke with Aldo Guidotti, and informed him I was working on the closure summary, and that I shall have it completed in 2-3 weeks.
