Dear Jerry:

I just spoke with Ben Heningburg and I hear that you are taking on the Gatzke-Hooshi project (FLC #RO000516). Additional remediation is apparently necessary. I would like to meet with you to discuss remedial options and hopefully move directly into a RAP, (hopefully) followed by remediation and closure. The meeting should take no more than 30 minutes.

Sincerely,

Mark Jonas

Mark,

Has ACEH responded to the *Request for Approval to Proceed with RAP* dated October 25, 2007 or the *Supplemental Site Characterization Report* dated March 1, 2007 ?

Closure petitions in abeyence should be fast tracked as they have a high level of visibility.

Please let me know if I can help
