The federal Petroleum Leaking Underground Storage Tank Trust Fund (Federal Trust Fund) provides funding to pay the local and state agency administrative and oversight costs associated with the cleanup of releases from underground storage tanks. The legislature has authorized funds to pay the local and state agency administrative and oversight costs associated with the cleanup of releases from underground storage tanks. The direct and indirect costs of overseeing removal or remedial action at the above site are funded, in whole or in part, from the Federal Trust Fund. The above individual(s) or entity(ies) have been indentified as the party or parties responsible for investigation and cleanup of the above site. YOU ARE HEREBY NOTIFIED that pursuant to Title 42 of the United States Code, Section 6991b(h)(6) and Sections 25297.1 and 25360 of the California Health and Safety Code, the above Responsible Party or Parties must reimburse the State Water Resources Control Board not more than 150 percent of the total amount of site specific oversight costs actually incurred while overseeing the cleanup of the above underground storage tank site, and the above Responsible Party or Parties must make full payment of such costs within 30 days of receipt of a detailed invoice from the State Water Resources Control Board.

Please contact Scott SEERY, Hazardous Materials Specialist at this office if you have any questions concerning this matter.

Re: Notice of Requirement to Reimburse

Dear Mr. Howell:

I am writing in follow-up to your June 19, 1992 correspondence directed to my client Sal Campo.

Specifically, I am writing to request further clarification as to the Notice of Requirement to Reimburse, as well as the separate correspondence dated March 23, 1992 sent by your office captioned "Notice of Reimbursement."

My client has been working in a cooperative manner with your office concerning these issues and, as a result, I am simply requesting additional information as to the steps which the county considers appropriate at this time. Beyond providing a notice that reimbursement is required, I lack further information in order to assist my client. Consequently, please advise this office as to the steps which the County deems necessary concerning this matter.

Thank you for your assistance in this matter.

Sincerely,

Jeffory J. Scharff

March 23, 1992

Dear Sir:

The attached "**Notice of Reimbursement**" is not a bill. It is required by our contract with the State Water Resources Control Board that we send this letter to all responsible parties involved in a leaking petroleum underground tank site. A responsible party may be the operator of the tank or the property owner. You fall into the following category:

The site is contaminated and the Alameda County Local Oversight Program will be overseeing the cleanup through to "no further action needed." This letter says that you will be billed for the time that our technical staff spends on your case **after** the work has been accomplished.

We will work with you to expedite the remediation of your site.

If you have any questions please call this office at 271-4530 and ask for the specialist noted in the accompanying notice.

Sincerely,

A handwritten signature in cursive script that reads "Thomas F. Peacock". The signature is written in dark ink on a white background.

Thomas F. Peacock, Supervising HMS
Hazardous Material Division
