RE: Moore's Auto, 20009 Merkleland, Hayward

Mr. McCain stated that he wished to not sample native soil as part of 5 regional composite samples from tank pit.

Mr. Shin stated that that would be okay, however, if soil contamination is discovered in the composite samples, additional work will have to be conducted on investigating the native soil & excavating.

RE: STID 1878, 20009 Merkland Ave, Hayward, CA

Eddy stated that if the tank pit has a volume of 193 yd^3 , then 1 discreet soil sample must be collected for every 20 yd^3 of soil if they wish to leave the soil in place on site. However, Eddy stated that ~~one~~ another acceptable option would be 5 composite samples. Soil samples collected should not be collected from the surface. Mr. So would like to see two soil samples collected at a depth of 14 feet at both ends of tank pit. The other locations can be random, but must vary in depth.

A ~~revised~~ work plan must be submitted to the County and RW&CB

According to Mr. McCain, the dimensions of the gasoline tank pit is 20' x 20'. The waste oil tank pit dimensions are 5' x 6'.

Ms. Shin stated that soil samples would need to be collected under the elbows of the piping also.

Spoke to Mr. McCain & told him of additional soil sampling requirements. He asked that this request be placed in a letter to him.

RE: STID 1878, 20009 Merkleland Ave., Hayward

Ms. Fong stated that her dad, property owner, passed away recently and that her family did not currently have access to the Savings money because of probate. Therefore, she requested an extension for the submittal of a work plan. Ms. Shin requested that Ms. Fong obtain an estimate for how long it would take to get the money necessary to do the additional work at the site. Ms. Fong stated that she would call back in a couple of weeks, after she had a chance to call up some consultants. Ms. Fong requested any information on SB 2004 Trust Fund & how to apply. Ms. Shin said that she would look into it & get back to Ms. Fong.

7/16/92 Ms. Fong called back to say that her brother has already contacted SEMCO. Chuck Kiper, Vice President at SEMCO, will give Ms. Shin →

a call when he gets back from vacation on
