Oakland, California 94624

Subject: Site Status Update for ARCO Station 2152, 22141 Center Street, Castro Valley, California.

Dear Mr. Seery:

This letter provides an update on investigation and remedial activities conducted for the above-referenced site. This update covers site activities performed during June 1992, and site activities anticipated for the month of July 1992.

June 1992 Activities

- Performed quarterly groundwater monitoring and sampling.
- Submitted revisions to Bay Area Air Quality Management District (BAAQMD) for process equipment to be used for the proposed interim soil remediation system.

Work Anticipated for July 1992

- Continue monthly groundwater monitoring, and submit draft Second Quarter 1992 Groundwater Monitoring Report to ARCO for review.
- ✓ ○ Received revised BAAQMD Authority to Construct.
- Submit to bid a completed design package including Plans and Specifications for installation of an interim soil remediation system.

Site Status Update
ARCO Station 2152, Castro Valley, California

July 24, 1992
61026.01

- Submit a permit application to the Fire Department for review and approval of proposed interim remediation system installation.
- Submit final Subsurface Investigations Report to ARCO and regulatory agencies.

If you have any questions or comments regarding this letter, please call us at (408) 264-7723.

Sincerely,
RESNA Industries

Joel Coffman
Project Geologist
