RE: Lead Oversight Agency Responsibility - 15201 Washington
Avenue, San Leandro

Dear Messrs. Rutherford and Mashoon:

The Alameda County Department of Environmental Health, Local Oversight Program (LOP), has relinquished responsibility to the City of San Leandro (City) for continued agency oversight of the environmental case for the referenced site. In light of the facts of this case, and after consultation with Mr. Mike Bakaldin of the City's Hazardous Materials Program, it appears more appropriate that such oversight be coordinated by the local tank permitting agency. It is hoped that this change will facilitate a more streamlined and equitable approach to the environmental and compliance issues associated with this site.

Please contact Mr. Bakaldin at (510) 577-3331, and I may be reached at (510) 567-6783, should you have any questions.

Sincerely,

Scott O. Seery, CHMM
Hazardous Materials Specialist
