RE: **Case Closure for Underground Storage Tank Site,
Historic Alameda High School, Alameda, Alameda County
(StID: 4309)**

Dear Sir or Madam,

The Alameda County Department of Environmental Health (ACHD) has submitted a letter which recommends the closure for your site involving the removal of two heating oil tanks (one 4,000 gallon and one 2,000 gallon). Regional Board staff have reviewed the County file for your site and concur with this recommendation. Therefore based on the available information for the above site, it appears that further investigation and cleanup of petroleum hydrocarbons are not necessary. Further work could be required if conditions change or a water quality threat is discovered at the site.

Please contact Richard Hiett from my staff at (510) 286-4359 if you have any questions regarding the contents of this letter.

Sincerely,

Steven R. Ritchie
