

7-20-99 Spoke to Dr. Khosh Khoo of Defla Environmental
He said he will submit a workplan to me to
perform a subsurface investigation which will
including advancing three borings, and taking water &
soil samples. Samples will be tested for TPH(g),
TPH(liesel/kerose), BTEX, MTBE and Pb.

8-19-99 Dr. Khoo said he will submit a workplan by
next week, and ~~sch~~ tentatively schedule work
for the week of Sept. 6th

9-1-99 Informed Dr. Khoo that I reviewed his
workplan dated 8-18-99 and I need a site
map drawn to scale with the locations of
the UGT(s) and proposed boring locations

9-2-99 Dr. Khoo said he will send me another site
map showing the new location for the soil
boring near Tank # 4 (waste oil) before drilling
commence.
