8 The provisions of this Plan, if accepted by a suffi-  
9 cient number of creditors and equity interest holders, and  
10 confirmed by the Bankruptcy Court, will be binding on the Debtor  
11 and its creditors and interest holders. This Plan provides for  
12 the payment of all allowed claims in full. The Great Western  
13 Debt will be paid according to the terms of the existing note and  
14 deed of trust, as modified by this Plan. The Lewis Construction  
15 Debt will be paid according to the terms this Plan of the Court-  
16 approved Lewis Settlement. No payment will be made on any claims  
17 held by the partners or insiders, until all allowed unsecured  
18 claims are paid in full. Certain priority claims and expenses,  
19 unless extended or compromised by agreement, will be paid in full  
20 on or as soon as practicable after the effective date.  
21

22 III  
23 CLASSIFICATION OF CLAIMS AND INTERESTS  
24

25 The following is a designation of the classes of claims  
26 and the class of interests herein. Administrative expenses and  
27 priority tax claims of the kind specified in Bankruptcy Code  
28 Sections 507(a)(1), 507(a)(2) and 507(a)(7), respectively, have

1 not been classified and are excluded from the following classes,  
2 in accordance with the provisions of Section 1123(a)(1) of the  
3 Bankruptcy Code. A claim or interest shall be deemed classified  
4 in a particular class only to the extent that the claim or  
5 interest qualifies within the description of that class and shall  
6 be deemed classified in a different class to the extent that any  
7 remainder of the claim or interest qualifies within the descrip-  
8 tion of such different class. A claim or interest is in a  
9 particular class only to the extent that the claim or interest is  
10 an allowed claim or allowed interest in that class, as the case  
11 may be.

12  
13 A. PRIORITY CLAIMS

14  
15 Class 1. Unsecured allowed priority claims under  
16 Sections 507(a)(3), (4), (5) and (6) of Bankruptcy Code. Debtor  
17 believes there are no claims in Class 1.

18  
19 B. SECURED CLAIMS

20  
21 Class 2. The secured claim of Great Western.

22  
23 Class 3. The secured claim of Lewis Construction.

24  
25 Class 4. The secured claim of Kraft & Ellwood  
26 - - - - -  
27 - - - - -  
28 - - - - -

1 Class 5. All other allowed claims secured by a lien,  
2 or claim of lien, upon the subject property of the Debtor.  
3 Debtor believes there are no valid claims in Class 5.

4  
5 C. UNSECURED CLAIMS

6  
7 Class 6A. All general unsecured claims not entitled to  
8 priority and not included within any other Class.

9  
10 Class 6B. All subordinated unsecured claims. The  
11 subordinated unsecured claims shall consist of the following  
12 claims: all claims of insiders and Debtor's partners.

13  
14 Class 6C. All claims of whatever nature of the Trust.

15  
16 D. INTERESTS

17  
18 Class 7. All interests of the partners of Debtor.

19  
20 IV

21 IMPAIRMENT OF CLAIMS AND INTERESTS

22  
23 Classes 1, 3, 5, 6C and 7 are not impaired under the  
24 Plan because the holders of allowed claims and interests in those  
25 classes will receive cash equal to the allowed amount of the  
26 claims will be reinstated and/or kept current, or such interests  
27 will be retained. Classes 2, 4, 6A and 6B are impaired under the  
28 Plan.

V

TREATMENT OF NON-CLASSIFIED CLAIMS

Each holder of an allowed claim of the kind specified in Sections 507(a)(1), 507(a)(2) or 507(a)(7) of the Bankruptcy Code shall receive on account of such claim cash equal to the allowed amount of such claim, unless such holder shall have agreed to a less favorable treatment of such claim. Payments on account of such claim shall be distributed on the later of the following dates: (1) The effective date, or on such later date as to which the holder may have consented; or (2) as soon as practicable after the order allowing the claim becomes a final order, if the claim is disputed or if applicable provisions of the Bankruptcy Code otherwise require Bankruptcy Court approval. In the event that any such claim is not paid pending Bankruptcy Court approval pursuant to the subprovision (2) hereinabove, the Debtor shall pay on or before the effective date into an interest-bearing reserve account, funds sufficient to pay such claim in full, and such claim shall be paid from such account together with accrued interest, upon such claim becoming a Final Order.

The Debtor does not anticipate any claims pursuant to Section 507(a)(2) or 507(a)(7) of the Bankruptcy Code. The claims anticipated by the Debtor under Section 507(a)(1) of the Bankruptcy Code, subject to Court approval, include the compensation and reimbursement of costs for attorneys and other professionals employed by Debtor during the reorganization case.

VI

TREATMENT OF UNIMPAIRED CLASSES

Classes 1, 3, 5, 6C and 7 are unimpaired. Each holder of an allowed claim within Class 1 shall receive on account of such claim cash equal to the allowed amount of such claim, together with interest to the extent provided for, unless such holder shall have agreed to a less favorable treatment of such claim. Where such claims consist of installment payments all arrearages shall be reinstated on the Effective Date, and all future installments kept current. Payment or payments on account of such claim shall be distributed on the latest of the following dates: (1) on the Effective Date, or on such later date as to which such holder may have consented; (2) as soon as practicable after the order allowing the claim becomes a final order, if the claim is disputed; or (3) when payment becomes due and owing under the terms of applicable contractual provisions. In the event that any such claim is not paid pending Court approval, pursuant to subprovision (2) hereinabove, the Debtor shall pay on the Effective Date into an interest bearing reserve account, funds sufficient to pay such claim, or an amount estimated by the Bankruptcy Court, and such claim shall be paid from such account, together with accrued interest, upon an order allowing such claim becoming a Final Order. Any liens currently securing such claims shall be retained.

Class 3 (Lewis Construction) is not impaired since payments will be made according to the Lewis Settlement.

1 According to the terms of the Lewis Settlement approved by the  
2 Court, by Order, a copy of which is attached as Exhibit B, Lewis  
3 Construction will be paid the sum of \$550,000 as follows:  
4 (1) \$50,000 within five days after Court approval of the  
5 compromise (which amount was timely paid), (2) \$25,000 three  
6 months after the Effective Date of the Plan, (3) \$25,000 15  
7 months after the Effective Date of the Plan, (4) \$25,000 30  
8 months after the Effective Date, (5) \$25,000 42 months after the  
9 Effective Date, and the (6) balance owed in full four years after  
10 the Effective Date of the Plan. In addition, Debtor shall pay  
11 the sum of \$3,000 per month to Lewis Construction, commencing 30  
12 days after the Effective Date of the Plan.

13  
14 Class 5 (all other allowed secured claims) claims are  
15 not impaired since such claimants will retain their current  
16 lien(s) and receive cash payments totaling at least the allowed  
17 amount of such claims, of a value, of the Effective Date of the  
18 Plan, of at least the value of such claimant's interest in the  
19 estate's interest in such property.

20  
21 Class 6C (Trust) is not impaired since the Trust, while  
22 a co-obligor, does not directly make payments on the Great  
23 Western Debt. The Trust has not and under the terms of the Plan  
24 will not be damaged. In fact, the Plan preserves and protects  
25 the Trust's interests.

26 - - - - -  
27 - - - - -  
28 - - - - -

1 As or the effective date, all existing interests of  
2 partners of the Debtor shall revert and be deemed valid and  
3 existing interests.

4  
5 VII

6 TREATMENT OF IMPAIRED CLASSES

7  
8 Section 7.0: Class 2 (Great Western):

9  
10 7.0.1 Great Western's note dated May 5, 1989, in the  
11 face amount of \$2,005,000, a copy of which is attached as  
12 Exhibit A, secured by a deed of trust dated May 5, 1989 and  
13 recorded on or about May 15, 1989, and related loan documents  
14 shall be modified as follows:

15  
16 a. Debtor shall receive a credit against future  
17 amounts owed to Great Western, in the amount  
18 of all principal payments made, or to be  
19 made, on the Great Western Debt from June 1,  
20 1992 through June 15, 1994. (As of  
21 February 1, 1993 the credit was \$41,007.13.  
22 Since the Great Western Debt has a floating  
23 rate of interest, the amount of the credit  
24 accrued may vary from month to month.)  
25 Debtor shall apply the credit against monthly  
26 principal and interest payments otherwise  
27 owed to Great Western on or after April 1,  
28 1993. The increased income to Debtor

1 generated by the credit shall be disbursed to  
2 creditors according to the terms of this  
3 Plan.

- 4 b. Effective June 15, 1994 and terminating with  
5 the payment due May 15, 1996 Debtor's monthly  
6 payment shall be fixed at \$15,039.02 per  
7 month irrespective of applicable monthly  
8 installment payment cap adjustment  
9 limitations, provided that there shall never  
10 be a negative amortization unless agreed to  
11 by Great Western and the Trust.

12  
13 Section 7.1: Class 4 (Kraft & Ellwood Debt):

14  
15 7.1.1 No payment shall be made on the Kraft and  
16 Ellwood Debt until all amounts due to creditors in Class 1, 3, 5,  
17 6-A and 6-C have been paid in full. The Kraft and Ellwood Debt  
18 shall continue to be secured by the executing third deed of trust  
19 on the subject property. The Debt, which has matured, shall be  
20 paid from Available Cash.

21  
22 Section 7.2: Class 6-A:

23  
24 7.2.1 Allowed general unsecured claims shall be paid  
25 in full from Available Cash, pursuant to quarterly distributions  
26 commencing as soon as practicable after the Effective Date of the  
27 Plan, and continuing until all claims are paid in full. Any  
28 unpaid balance of such allowed claims shall be paid on or before

1 December 31, 1998. No interest shall accrue or be paid on  
2 unsecured claims.

3  
4 Section 7.3: Class 6-B (Subordinated Claims)

5  
6 7.3.1 Provided that all allowed non-classified claims  
7 and claims in Classes 1, 3, 5 and 6-A have been paid in full, and  
8 all payments due to Class 2 are current, Debtor may commence  
9 payments on Class 4 and Class 6-B subordinated claims.

10

12 FAILURE TO IMPLEMENT PLAN

13  
14 8.1 Authorization to Foreclose. Great Western, Lewis  
15 Construction, or any Class 5 creditor may institute or continue  
16 foreclosure proceedings on the subject property, upon the occur-  
17 rence of a default after the Effective Date of the Plan.

18  
19 This Plan is subject to the Court's retained jurisdic-  
20 tion and equitable power to enjoin any foreclosure under  
21 11 U.S.C. Section 105 upon good cause shown. Debtor may cure any  
22 default in this Plan and the Plan shall be reinstated if the act  
23 or condition upon which the default is predicated, is completed  
24 or satisfied prior to the completion of a foreclosure sale. No  
25 failure or delay by any secured creditor in pursuing foreclosure  
26 or other remedies upon the occurrence of any default shall be  
27 construed as a waiver.

28

MEANS FOR IMPLEMENTATION OF THE PLANA. SOURCE OF FUNDS

All cash distributions under the Plan shall be made from Available Cash including funds held or acquired by the estate.

Cash distributions from the Available Cash shall be made to holders of non-classified claims and Class 1 claimants, if any, on the Effective Date. The disbursing agent will reserve from the Available Cash funds to pay unliquidated non-classified claims including professional fees and costs, and anticipated administrative costs and future payments to Class 1 claimants. The balance of Available Cash will be distributed to the holders of Class 6A claims on a pro rata basis, based on the allowed amount of their claims or the face amount of their claims if disputed, according to the terms of the Plan.

B. APPOINTMENT OF DISBURSING AGENT

The confirmation order shall provide that the Debtor will act as disbursing agent under the Plan and will serve without bond. Upon confirmation, Debtor, Great Western, or the disbursing agent shall promptly establish an interest-bearing account identified as the Grand Avenue Unpaid Claims Reserve Account ("Unpaid Claims Reserve"). On or before the Effective

Date, Debtor will transfer or cause to be transferred to the Unpaid Claims Reserve sufficient cash to satisfy allowed claims in Class 1, the current portion of allowed claims in Class 2, 3 and 5, and any non-classified claims that are payable as of the Effective Date. Payments of non-classified claims allowed after the Effective Date will be paid from the funds reserved under Paragraph C below, which funds shall also be held in the Unpaid Claims Reserve.

C. UNPAID CLAIMS RESERVE

1. Following the Effective Date, Debtor shall accumulate and set aside in the Unpaid Claims Reserve cash equal to the amount of disputed non-classified and priority claims. In addition reserves for disputed Class 5, Class 6A and Class 6C claims shall be accumulated, at a rate of not less than the percentage of distributions to allowed Class 6A claims, or as required to satisfy U.S.C. 1129(b)(2)(A).

2. All cash held in the Unpaid Claims Reserve shall be invested in investments permitted under Section 345 of the Bankruptcy Code. The earnings in these investments shall be first applied to reimbursing the disbursing agent for its costs and expenses incurred in connection with the maintenance of the Unpaid Claims Reserve and the making of distributions subsequent to the Effective Date. All earnings in excess of those costs and expenses shall be held in trust in the Unpaid Claims Reserve and shall be distributed only in the manner set forth in this Plan.

1 3. When a disputed claim becomes an allowed  
2 claim, the distributions due on account of that allowed claim  
3 shall be released from the Unpaid Claims Reserve to the Debtor's  
4 operating account, and thereafter disbursed to the reserve  
5 claimant.

6  
7 4. When all disputed claims are the subject of a  
8 final order, and all claims paid in full under this Plan the  
9 disbursing agent shall return any surplus cash from the Unpaid  
10 Claims Reserve to the Debtor.

11  
12 D. UNCLAIMED PROPERTY

13  
14 The disbursing agent shall deposit unclaimed property  
15 in the Unpaid Claims Reserve to be held in trust for the benefit  
16 of the claimants. For a period of six months following the date  
17 of distribution, unclaimed property shall be held in the Unpaid  
18 Claims Reserve solely for the benefit of the claimants that have  
19 failed to claim such property. Upon the later of December 31,  
20 1998 or six months after the date of distribution, the claimants  
21 entitled to unclaimed property shall cease to be so entitled, and  
22 the unclaimed property shall be returned to the Debtor.

23  
24 E. INTERIM DISTRIBUTIONS

25  
26 The disbursing agent shall make distributions due the  
27 claimants or interest holders on a periodic basis according to  
28 the terms of the Plan until all disputed claims are the subject

1 of a final order and all claims paid fully. The disbursing agent  
2 shall release from the Unpaid Claims Reserve surplus funds that  
3 are not necessary to pay claimants that have failed to claim  
4 their distributions, and shall distribute the surplus funds in  
5 the same manner as unclaimed property.

6  
7 F. PRE-PAYMENT

8  
9 Nothing in this Plan shall prohibit early distribution  
10 on account of allowed claims or allowed interest; such distribu-  
11 tions may be made at the option of the Debtor without penalty.

12  
13 G. DE MINIMIS DISTRIBUTIONS

14  
15 Notwithstanding anything to the contrary in the Plan,  
16 the disbursing agent shall not transmit cash to the holders of an  
17 allowed claim if the amount cash due is less than five dollars  
18 (\$5). All cash not so distributed shall be deposited in the  
19 Unpaid Claims Reserve and distributed in the same manner as  
20 surplus property.

21  
22 X

23 RETENTION, ENFORCEMENT AND WAIVER OF CLAIMS

24  
25 Debtor shall retain and may enforce claims held by it  
26 or its estate except such claims which have been waived, relin-  
27 quished, or released in accordance with this plan. Any objection  
28

1 to the allowance of any interest shall be brought within 30 days  
2 of confirmation or be forever barred.

3  
4 XI

5 EXECUTORY CONTRACTS

6  
7 All executory contracts to which the Debtor is a party  
8 will be deemed assumed as of the effective date, pursuant to the  
9 provisions of the Bankruptcy Code Section 365, other than those  
10 contracts that have previously been expressly rejected or assumed  
11 pursuant to an order of the Bankruptcy Court, and other than  
12 those set forth in a list of rejected executory contracts filed  
13 with the Bankruptcy Court and served upon effected parties on or  
14 before the Effective Date. Debtor will continue to own and  
15 operate the Subject Property subsequent to the Effective Date,  
16 utilizing all existing and subsequently acquired entitlements and  
17 development rights.

18  
19 XII

20 DISCHARGE AND REVESTING

21  
22 Except as otherwise provided in the Plan or the confir-  
23 mation order, the confirmation will be a discharge, effective as  
24 of the Effective Date, and pursuant to Section 1141(d)(1) of the  
25 Bankruptcy Code, of any and all debts of the Debtor that arose at  
26 any time before confirmation. The discharge shall be effective  
27 as to each claim, regardless of whether a proof of claim therefor  
28

DEBTOR'S FIRST AMENDED PLAN OF REORGANIZATION

1 was filed, whether the claim is an allowed claim, or whether the  
2 holder thereof votes to accept the Plan.

3  
4 Except as provided in the Plan, or in the confirmation  
5 order, on the Effective Date the Debtor shall be vested with all  
6 the property of its estate, free and clear of all claims, liens,  
7 charges, and other interests of creditors arising prior to the  
8 filing date, except for security interests in and liens upon  
9 property securing allowed claims in Class 2, 3, 4 and 5 and the  
10 unpaid claims reserve. Upon confirmation, the Debtor shall  
11 operate its business free of any restrictions of the Bankruptcy  
12 Code or the Bankruptcy Court. Following confirmation, the  
13 Partnership Agreement will continue in full force and effect,  
14 modified only to the extent necessary to be consistent with the  
15 terms of the plan.

16  
17 XIII

18 RETENTION OF JURISDICTION

19  
20 Until the Reorganization Case is closed, the Court  
21 shall retain such jurisdiction as is legally permissible.  
22 Without in any manner limiting the scope of the foregoing, the  
23 Bankruptcy Court shall obtain jurisdiction to carry out the  
24 provisions, purpose, and intent of the Plan or any modification  
25 thereof, including the following: (a) determination of the  
26 allowed amounts of claims and request for payment of administra-  
27 tive expenses; (b) resolution of disputes, by motion practice,  
28 regarding interpretation and consummation of this Plan; (c) adju-

9 history of the Debtor, and the significant events leading up to the filing of a

11 Creditors and Holders into classes and provides for payment in cash over time of  
12 100 percent of the principal amount (with interest) of Allowed Claims. Holders  
13 will retain their partnership interests.

14 If the Plan is confirmed, it will be binding on all Creditors and Holders of  
15 Debtor.

III. BACKGROUND OF DEBTOR

A. History of the Partnership and Operations: Grand Avenue Development (hereinafter "GAD") is a General Partnership formed in 1985 between Leonard and Lorraine Kraft and Patrick Ellwood. Tom Lewis was subsequently added as a partner in 1987

The primary objective of the partnership was to build, own and operate a multi-use commercial facility on one parcel of land owned by the Krafts and another contiguous parcel owned by a third party and later acquired by GAD, both located on Grand Avenue in the City of Piedmont.

GAD obtained all governmental approvals in 1986. Demolition of the two existing service stations occurred in 1986. GAD obtained a loan commitment from Civic Bank of Commerce in 1986. Civic Bank subsequently backed out of their commitment under the stated premise of concern about lender liability regarding potential toxic waste due to the uncertain status of lenders prior to a legislative clarification regarding State Proposition 95.

GAD subsequently obtained a loan commitment from First Interstate Mortgage. It took approximately 6 months to finalize the new loan. This six month delay cost approximately \$50,000.00 in holding costs. The new loan commitment was for \$170,000.00 less than the original Civic Bank loan. The loan fees cost GAD approximately \$40,000.00 more than the Civic Bank loan would have.

A condition of the First Interstate loan was that GAD brought in another financial partner, namely Mr. Tom Lewis, the contractor of the project. Mr. Lewis

agreed to be a partner, however, only on his condition that he receive a 12.5% partnership interest for a \$50,000.00 reduction in the contract price of the construction cost of the project which would represent his partnership contribution. This represented a more than "par" value for his partnership contribution. Mr. Lewis's rationale for this more than par value for his partnership contribution was that, due to his strong financial statement relative to the other partners, he would bear the brunt of any financial demands on the project beyond the available loan funds

Based upon the proforma cost estimates for the project, it was known by all of the partners at the time Mr. Lewis became a partner that the project was under capitalized by approximately \$300,000.00. It was the partners perception that this shortfall would be made up by a combination of additional financing to be obtained upon the completion of the project and certain cost saving changes in the construction of the project. An additional partner(s) was also considered to be a viable option in the shortfall of project capitalization since GAD had several prospective tenants express serious interest in becoming tenant partners

However, as it turned out, the project capital shortfall was exacerbated due to Mr. Lewis's construction company's protracted construction schedule. The construction contract required that Mr. Lewis's construction company complete the first phase of the project in 6 months. It ultimately took 15 months to complete the first phase of the construction project. This protracted construction schedule cost the partnership approximately \$150,000.00 in loss of rent and/or additional construction loan interest

1 The City of Piedmont ultimately rejected GAD's request to defer or  
2 eliminate certain cost saving project features such as the trellis, masonry planters,  
3 gates, etc. These additional costs amounted to approximately \$100,000.00

4 The obtaining of additional partner(s) as a means of meeting the project  
5 capital requirements initially failed when Mr. Lewis refused to subordinate his  
6 construction company's mechanic lien on the project. The partnership was  
7 ultimately able to negotiate a complex tenancy-in-common arrangement with the  
8 partner/tenant, with Mr. Lewis releasing a portion of the property that secured  
9 his construction company's mechanic lien, however, it took approximately one  
10 year to negotiate this arrangement with Mr. Lewis at a cost to the partnership of  
11 approximately \$100,000.00 in loss of rent and approximately \$25,000.00 in legal  
12 fees  
13

14 The project shortfall costs were funded in large part by Mr. Lewis's  
15 construction company. Partner's Kraft and Ellwood also contributed in excess of  
16 \$350,000.00 in additional capital to the project. Mr. Lewis refused to allow any  
17 portion of his additional construction costs advance by his construction company  
18 to be cast as partnership capital despite a partnership agreement obligation to pay  
19 his share of partnership costs.  
20

21 While the protracted and elaborate process through which the parties had  
22 gone to properly determine what Mr. Lewis's construction company was owed in  
23 order to release the mechanic lien filed by Mr. Lewis's construction company so as  
24 to allow the sale of the one-third interest in the project to the third party tenant/tenant-  
25 in-common (The Brockbank/Huish 1990 Trust, hereinafter "Trust"), Mr. Lewis  
26  
27  
28

1 pressed for a settlement from GAD that was for in excess of \$200,000.00 more than  
2 a third party consultant had determined was actually owed to Mr. Lewis's  
3 construction company. GAD had no option but to agree to Mr. Lewis' demands  
4 since Mr. Lewis, as a principal of the Partnership had to agree to the sale to the  
5 tenant to become partner, and would not do so unless his demands were met  
6 Without that sale, the project would not have been finished nor produce a break-  
7 even or better. The settlement included a payment structure that was known, or  
8 should have been known, by all the parties to be not achievable  
9

10 GAD reluctantly agreed to the settlement in order to get the project  
11 completed and a major tenant in place; and GAD felt that Lewis would reconsider  
12 the settlement after he saw the completion of the project and he realized that  
13 cooperating with GAD was better than trying to force compliance with a  
14 settlement which GAD would not be able to perform. In the absence of a  
15 renegotiation of the settlement agreement with Mr. Lewis, GAD was forced to  
16 seek the protection of the Bankruptcy laws, since the alternative was to lose the  
17 project to Lewis by way of non-judicial foreclosure.  
18

19 It is GAD's desire to pay its creditors any sum legally due them and to  
20 protect the security of the partner's principal asset and source of repayment of  
21 GAD's obligations. With the assistance of Judge Jellen and Judge Newsome, a  
22 compromise and settlement of the Lewis matter has been agreed to by the parties.  
23

#### 25 IV. FINANCIAL CONDITION OF DEBTOR

26 A. Debtor's Assets: The Debtor's principal asset is a highly improved  
27  
28

1 commercial real property located at 1345-75 Grand Avenue, Piedmont, California.  
 2 The Debtor has a 66.66% undivided tenancy-in-common interest in that real  
 3 property. The remaining 33.33% interest is owned by the Trust. The subject  
 4 property is currently 100% leased. The subject property was appraised in 1991 by  
 5 The O'Brien company, for \$3,250,000.00. The O'Brien Company is a fully licensed  
 6 and qualified appraisal company. The Debtor's interest represents 66.66% of that  
 7 amount, or approximately \$2,167,000.00 (rounded).

9 The Debtor has approximately \$23,000.00 in cash in the Debtor's bank  
 10 account and will keep a continuing reserve for periodic operating expenses,  
 11 including taxes and insurance in the sum of \$30,000.00. This reserve also  
 12 addresses the implementation of a Soil and Water Investigation requested by  
 13 Alameda County.

15 In addition, the real property currently generates for Debtor approximately  
 16 \$3,000.00 per month in cash flow which under the Plan will be approximately  
 17 \$5,000.00. The Debtor has an account receivable of approximately \$8,000.00 from  
 18 the law office of Robert Curatto, a former tenant. There is a dispute with Mr  
 19 Curatto which is now in litigation; however, trial is not set until 1994.

 22 Debtor.

19 All of the creditors will be paid in full based upon the amount determined  
 20 to be actually owed after resolution of any disputes concerning the amount owed  
 21 ("allowed claims").

22 The Great Western debt will be paid as follows. Debtor shall receive a  
 23 credit from Great Western, against future amounts owed to Great Western, in the

1 amount of all principal payments made, or to be made, on the Great Western  
2 Debt from June 1, 1992 through June 14, 1994. (As of February 1, 1993 the credit  
3 was \$41,007.13. Since the Great Western Debt has a floating rate of interest, the  
4 amount of the principal payment may vary from month to month.) Debtor may  
5 apply the credit against the monthly interest payments otherwise owed to Great  
6 Western on or after April 1, 1993, effectively making the payments from June 1,  
7 1992 through June 15, 1994 all interest only payments. All such credits shall  
8 accrue to the Debtor only. Effective June 15, 1994 and terminating with the  
9 payment due May 15, 1996 the monthly payment shall be fixed at \$15,039.02 per  
10 month irrespective of the monthly installment payment cap adjustment  
11 limitations, provided that there shall never be a negative amortization unless  
12 agreed to by Great Western and the Trust (who is joint and severally liable under  
13 the Great Western note and deed of trust). The Lewis Construction debt will  
14 remain secured and will be paid in accordance with the terms of the Order  
15 Approving Compromise and Settlement dated October 20, 1992. Essentially the  
16 terms are as follows:

- 17  
18  
19 (a) \$50,000.00 payable within five days after the Final Order  
20 Approving Compromise and Settlement. This has been paid already.  
21  
22 (b) \$25,000.00 payable not later than three months after the effective date  
23 of the Plan. \$25,000.00 payable each anniversary thereafter with the balance  
24 of all remaining principal and interest on or before the end of the 48th  
25 month after the effective date of the Plan.  
26  
27 (c) A flat payment of \$3,000.00 per month commencing not later than 30  
28

1 days after the effective date of the Plan

2 The unsecured creditors will be repaid from the Available Cash after  
3 payments to the secured creditors, the continuing reserve, and all administrative  
4 expenses.

5 The debts to the partners will be paid after all of the other creditors have  
6 been paid.

7  
8 **C. Debtor's Partnership Structure:** The Debtor is a general partnership. As a  
9 part of the Order Approving Compromise and Settlement, Mr. Tom Lewis was  
10 released from his 12.5% partnership interest. The remaining partnership  
11 ownership percentages are as follows:

12 Leonard and Lorraine Kraft	50%
13 Patrick Ellwood	50%
14	
15 Total	100%

16 Patrick Ellwood, operating as Patrick Ellwood Development Company  
17 Incorporated, doing business as Ellwood Commercial Real Estate, under a  
18 management agreement with Grand Avenue Development and the  
19 Brockbank/Huish Trust, will continue to manage the day to day operations of  
20 GAD. Patrick Ellwood, as an individual partner of the Debtor, will be the  
21 Administrator of the Plan.  
22

#### 23 V. CURRENT OPERATIONS OF DEBTOR

24 The principal asset of the Debtor is an improved commercial property. The  
25 property is a combination of office uses, service commercial uses and an  
26 automotive repair garage. One of the office suites and the automotive repair  
27  
28

1 garage are occupied by partners of the Debtor.

2 The property is currently 100% leased and construction substantially  
3 completed. All of the tenants are current in their rent payments. There are no  
4 anticipated major expenditures or contingencies except those expenses required to  
5 re-let the unleased space which expenses routinely include construction of  
6 Tenant Improvement and administrative expenses now payable and also  
7 accruing as a result of the Chapter 11.

8  
9 **VI. THE PLAN AND THE ALTERNATIVE TO THE PLAN**

10 **A. Plan Objectives:** The objective of the Plan is to ensure the repayment of  
11 100% of all allowed claims to the creditors while allowing the Debtor to continue  
12 with the day to day operations of the enterprise and protecting the equity of the  
13 partners that comprise the Debtor.

14 **B. Classification and Treatment of Claims and Interests:** The Plan divides the  
15 allowed claims of creditors and interest holders as follows:

16 Unclassified: Consists of certain tax claims and administrative claims for  
17 costs and expenses of administration of the bankruptcy case, including the claims  
18 of the Debtor's attorneys and accountants and any tax liabilities incurred after the  
19 commencement of the case. These claims will be paid in full, in cash, on the later  
20 of the Effective Date of the Plan (as defined in the Plan), the date when payment  
21 becomes due in the ordinary course of business, the next day after the claim  
22 becomes an Allowed Claim (as defined in the Plan), or at such other time as may  
23 be agreed upon

24 Class 1 (priority claims): Consists of those claims entitled to priority  
25  
26  
27  
28

1 under the Bankruptcy Code (other than the unclassified above) including claims  
2 for unpaid taxes accrued prior to the commencement of the Chapter 11 case. It is  
3 believed that there are no such claims.  
4

5 Class 2 (secured claim): The secured claim of Great Western.  
6

7 Class 3 (secured claim): The secured claim of Lewis Construction.  
8

9 Class 4 (secured claim): The secured claim of Kraft & Ellwood, which  
10 shall be subordinated and treated as a class 6B claim.  
11

12 Class 5: All other allowed claims secured by a lien, or claim of lien,  
13 upon the subject property of the Debtor Debtor believes there are no  
14 valid claims in Class 5.  
15

16 Class 6A: All alleged general unsecured claims not entitled to priority  
17 and not included within any other Class  
18

19 Class 6B All subordinated unsecured claims. The subordinated  
20 unsecured claims shall consist of the following claims All claims of  
21 Debtor's partners and insiders.  
22

23 Class 6C: Any and all claims of whatever nature of the Trust.  
24

25 **C. Comparison of Plan to Liquidation Under Chapter 7:** The Plan provides  
26 that creditors will receive payments equal to or greater than the amount they  
27 would receive on liquidation of Debtor Non-subordinated allowed unsecured  
28

1 creditors will receive full payment of the principal amounts of their claims  
2 without interest, and all subordinated creditors will receive full payment of the  
3 principal amounts of their subordinated claims without interest after all senior  
4 allowed claims are paid in full. All partners will retain their partnership  
5 interests. Allowed non-subordinated unsecured creditors shall be paid from  
6 Available Cash after provision is made for all Great Western payments, all N.T.  
7 Lewis payments, the Debtor's continuing reserve, and the payment of  
8 Administrative Expenses. The Plan calls for unsecured claims to be paid in full  
9 by December 31, 1998. Although the exact timing of the payments to the allowed  
10 non-subordinated unsecured creditors cannot be fixed due to the nature of the  
11 commercial real estate leasing market, it is the Debtor's estimate that there will be  
12 Available Cash to service the allowed non-subordinated unsecured creditors  
13 prior to December 31, 1998. However, in the event that there is insufficient  
14 Available Cash from the operation of the property, the Debtor will raise cash for  
15 such purpose by refinancing its property. As the prospects appear favorable that  
16 the allowed non-subordinated unsecured creditors will get paid in full under the  
17 Plan, it is Debtor's belief that the Plan is superior to Chapter 7 liquidation in that  
18 the Debtor believes that the unsecured creditors would likely receive nothing on  
19 the liquidation of the Debtor.

20  
21  
22  
23 The Debtor owns a 66.66% fractional interest of the principal asset of the  
24 Debtor, the commercial real property at 1345-75 Grand Avenue, Piedmont,  
25 California. If this case were converted to Chapter 7, the trustee, after first  
26 obtaining authorization of the Court pursuant to Bankruptcy Code § 363(h),  
27  
28

1 would likely seek to sell the entire fee interest, thereby attempting to maximize  
2 the return to the Chapter 7 estate. However, the Debtor believes it is unlikely that  
3 the unsecured creditors would realize as much from the sale as the Plan provides  
4 since such a sale would essentially be a distressed sale, which typically realizes  
5 substantially less, particularly in today's depressed real estate market. Further, the  
6 fact that approximately 30% of the real property asset is leased to partners of the  
7 Debtor would also cause concern for a potential third party purchaser since,  
8 presumably, the Debtor partner/tenants could not be relied on to continue as  
9 tenants once the real property asset were sold and/or the leases expire. However,  
10 under § 723 of the Bankruptcy Code, the General Partners of Debtor would  
11 remain liable for any deficiency pursuant to the language of the Code:

12  
13  
14 "If there is a deficiency of property of the estate to pay in full  
15 all claims which are allowed in a case under this chapter  
16 concerning a partnership and with respect to which a general  
17 partner of the partnership is personally liable, the trustee shall  
18 have a claim against such general partner for the full amount  
19 of the deficiency."

20  
21  
22 If the Trustee in a Chapter 7 were not successful in attempting to sell the  
23 entire fee, or believed that it would be better to sell only the fractional interest,  
24 the Trustee could attempt the sale of the 66.66% debtor owned fractional interest;  
25 however, such a sale to a third party would not be expected to draw much interest  
26 since most real estate investors want to own 100% of a real property asset. The  
27 logical purchaser would be the other fractional tenancy-in-common interest  
28 currently owned by the Brockbank/Huish 1990 Trust, but the Trust is not  
interested in purchasing any more of this asset than is currently owned by the  
Trust.

1 Due to the uncertain value of the fractional interest of the Debtor in the  
2 real property asset or the entire asset being sold in the hands of a trustee, a  
3 Chapter 7 liquidation would likely yield a loss to the secured creditors and would  
4 wipe out the unsecured creditors.

5 An analysis of the property from the perspective of the appraisal leads to  
6 the same conclusion: The Debtor's fractional interest in the appraisal value is  
7 \$2,167,000.00. It must be noted that since that appraisal (1991) the market has  
8 softened rather dramatically, some 20% at least. Thus, even from an optimist's  
9 standpoint, the Debtor's interest may have a value of \$1,733,600.00. The Great  
10 Western loan allocable to Debtor is \$1,293,333.00, although Debtor is liable for it's  
11 entirety. The remaining Lewis debt is \$500,000.00 leaving a negative number for  
12 the unsecured creditors. This analysis assumes no reduction in value for a  
13 liquidation sale of fractional interest or at the hands of a trustee, which  
14 assumptions are highly suspect.

15 Thus, under either analysis the allowed unsecured creditors would receive  
16 nothing while under the Plan they will receive their full principal amount of  
17 their allowed claims.

18 Similarly, the likelihood of full recovery of any deficiency, after the  
19 Partnership's liquidation, from the General Partners is suspect. Mr. and Mrs.  
20 Kraft are currently going through a divorce with the attendant property disputes  
21 and added attorney's fees. Mr. Kraft is a tenant in the building and arguably  
22 holding up the ability of the Partnership to comply with the Plan. Mr. Ellwood's  
23 company similarly is a tenant in the building. Mr. Ellwood and the Krafts'

1 financial information is attached hereto as **Exhibits A and B** and are incorporated  
2 herein by this reference. Their net worths, individually or collectively, before or  
3 after the exemptions which appear to be available are illiquid and subject to  
4 further diminution if sales under distressed conditions were to occur. A trustee  
5 in Chapter 7 may realize some deficiency recovery from the General Partners but  
6 it is the Debtor's opinion that if the creditors or trustee in Chapter 7 sought to  
7 recover from the General Partners, it could result in the filing of some Chapter  
8 proceeding by either Ellwood, Kraft or both, and that even in the absence of such  
9 filing(s), the potential return to the creditors/trustee would be less productive  
10 and subject to greater fees, costs, and time allowances than reliance on the  
11 known, current cash flow of the Partnership's real property assets which makes  
12 the Debtor's Plan of Reorganization most conducive to a full payment of all  
13 creditors.

14 **D. Feasibility:** The Debtor's Plan relies on two primary requisites. Firstly, it  
15 relies on sufficient cash flow from the real property asset to service the secured  
16 debt and the unsecured debt. The cash flow is reliant on the tenants continuing  
17 to pay rent as scheduled. There is no specific concern about any of the tenants at  
18 this time; however, in a soft economy, it is a possibility that a problem could  
19 develop during the term of the Plan which could interrupt the scheduled cash  
20 flow. It should also be noted that several of the current leases expire during the  
21 term of the Plan. All of the businesses appear to be viable and have good  
22 prospects for continuing. Thus, there is sufficient cash flow to fund the Plan.  
23 Please see the attached Exhibit C, a pro forma budget for the operation of the  
24  
25  
26  
27  
28

1 property for the year 1994.

2 The current cash flow is taxed by the large \$25,000.00 principal sums being  
3 paid to N. T. Lewis Construction as stipulated in the Order Approving  
4 Compromise and Settlement. These annual payments are in addition to \$3,000.00  
5 per month payments to N. T. Lewis Construction. The \$3,000.00 payments are  
6 consistent with GAD retaining a reserve for the cyclical operating expenses, and  
7 other contingencies. Under the Plan as the timing is proposed, these \$25,000.00  
8 payments are obligations that can be met. It is the intent of the Debtor to  
9 refinance the property on or before December 31, 1998 and thereby payoff Lewis in  
10 full and generate proceeds to pay any balance then owed to the allowed non-  
11 subordinated unsecured creditors  
12

13 Secondly, The Plan is reliant on Great Western's loan being paid interest  
14 only retroactively from June 1, 1992 through June 14, 1994 and thereafter the  
15 monthly payment will be fixed until the payment due June 15, 1996 which  
16 payment will be consistent with the original payment terms of the Great Western  
17 Promissory Note and Deed of Trust. These adjustments are consistent with the  
18 Debtor being able to meet all demands under the Plan in a timely fashion  
19

20 Great Western is aware of the proposed adjustments and the Trust,  
21 although joint and severally, liable on the Great Western note, will suffer no  
22 impairment since the Trust will receive and/or pay no less and no more than  
23 prior to the Plan.  
24

25 In further corroboration of feasibility, the Debtor, a partner of which is a  
26 seasoned commercial real estate broker, is confident that the current real estate  
27  
28

1 slump is at or near bottom and that the market will improve over the next few  
2 years. Thus, rental demand should improve and rental rates improve to assist in  
3 the over-all viability of the Plan.

#### 4 VII. CONFIRMATION OF THE PLAN

5 A. Voting: In order to confirm the Plan, two-thirds in an amount and a  
6 majority in a number of allowed claims in each impaired class or claims and two-  
7 thirds in amount of allowed interests in each impaired class of interests must  
8 vote in favor of the Plan. If the claims of a class are not impaired, the class does  
9 not vote. The impaired classes of claims of creditors under the Plan are classes 2,  
10 4, and 6A. The impaired claims consist of the secured claims of Great Western,  
11 Kraft and Ellwood; and the general unsecured and subordinated unsecured  
12 creditors. There are no impaired classes of interests in the Plan. The represented  
13 majorities are determined based on the ballots actually received and only allowed  
14 claims and allowed interest will be counted unless the Court orders otherwise.  
15 Ballots that are signed but do not designate acceptance or rejection of the Plan will  
16 be deemed acceptance of the Plan. Ballots that are not signed will not be counted.  
17

18 If a class which is impaired under the Plan does not vote in favor of the  
19 Plan, the Plan proponents may seek confirmation under Section 1129(b) of the  
20 Code.  
21

22 An acceptance or rejection of the Plan may be voted by completing and  
23 signing the ballot which accompanies the disclosure statement and the Plan and  
24 delivering it to Debtor, c/o Crosby, Heafey, Roach & May, 1999 Harrison Street,  
25 Oakland, California 94612, attention: Douglas G. Boven.  
26  
27  
28

1 **B. Modification of the Plan:** As proponents of the Plan, Debtor may, subject to  
2 the express written consent of Great Western, modify the Plan as provided as  
3 provided under Section 1127 of the Code. After the Plan has been accepted by  
4 impaired classes but before confirmation, modifications that do not adversely  
5 affect impaired classes are permitted without a new solicitation of votes, subject  
6 to Court approval.  
7

8 **VIII. CONCLUSION**

9 **A. Effect of Confirmed Plan:** If a Plan is confirmed, its terms and conditions  
10 will be binding on all creditors and interest holders of Debtor. Debtor will be  
11 discharged from all liabilities except as expressly provided in the Plan, and the  
12 discharge will be effective as to every claim, whether the claim is ultimately  
13 allowed by the Court, or whether the Holder of the claim voted to accept the Plan.  
14

15 **B. Post-Confirmation Events:** Debtor discloses that Patrick Ellwood will serve  
16 as the managing general partner of Debtor and be responsible for implementation  
17 and administration of the Plan.

18 **C. Recommendation:** This Disclosure Statement has been presented for the  
19 purpose of enabling you to make an informed judgment to accept or reject the  
20 Plan. You are urged to read the Plan in full and consult with counsel if you have  
21 any questions.  
22

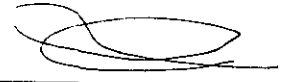

23  
24 //

25  
26  
27 //  
28

1 Debtor believes that acceptance of the Plan by creditors and interest holders  
2 is in the best interest of all parties and the confirmation of the Plan will provide  
3 the best recovery for creditors and interest holders.
