RE: EDGEWATER INTERNATIONAL TRUCKS, 390 DOOLITTLE DRIVE, SAN
LEANDRO

Dear Mr. Mazzella:

After our phone conversation today I located the case file for the subject site. The county apparently referred this case back to the City of San Leandro at their request (see attached letter). Therefore, please contact Mike Bakaldin of the San Leandro Fire Department (510/577-3331) should you have any questions regarding case status.

Sincerely,

Scott Seery, CHMM
Senior Hazardous Materials Specialist

RE: EDGEWATER INTERNATIONAL TRUCKS, INC., 390 DOOLITTLE DRIVE,
SAN LEANDRO

Dear Mr. Mazzella:

At the request of Mr. Mike Bakaldin of the San Leandro Fire Department, this office has referred oversight of the ongoing environmental investigation at the referenced site to the city of San Leandro ("City"). The fire department, as you are likely aware, is the local implementing agency (LIA) for underground storage tank facilities in the City. This change in oversight responsibility should aid both the LIA and responsible party in coordinating recent site activities with those of the past, and to streamline and prevent duplicity of agency involvement.

Please call me at 510/567-6783 should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Scott O. Seery', written over a horizontal line.

SUBJECT: REMOVED WASTE OIL TANK SITE

Dear Mr. Weston:

As a followup to my letter to Mr. Miller on February 10, 1992 and a recent telephone conversation with you, please find our check for \$450.00 representing our refundable deposit with your agency. It is my understanding that with this deposit in your hands you may proceed on telling us what is needed to obtain clearance on the removed waste oil tank as outlined in the file forwarded to Mr. Miller on 2/10/92.

Looking forward to an early resolve of this issue.

Sincerely,

Larry McFadden
Operations Manager
