RE: 2025 Pike Ave., San Leandro, CA 94577

Dear Mr. Aiello:

We have received your letter dated September 5, 1989, with attached laboratory results requesting disposing of your waste filter cake in a Class 3 dump site. As per your agreement with Larry Seto from our office on September 12, 1989, this material sampled from one drum must be disposed as a hazardous waste because the STLC for nickel was exceeded.

Please send us a copy of your completed manifest.

If you have any questions, please contact Larry Seto, Sr. Hazardous Materials Specialist at 271-4320.

Sincerely,

Rafat A. Shahid, Chief,  
Hazardous Materials Program
