Out of ground ~ 2 years
: came from here

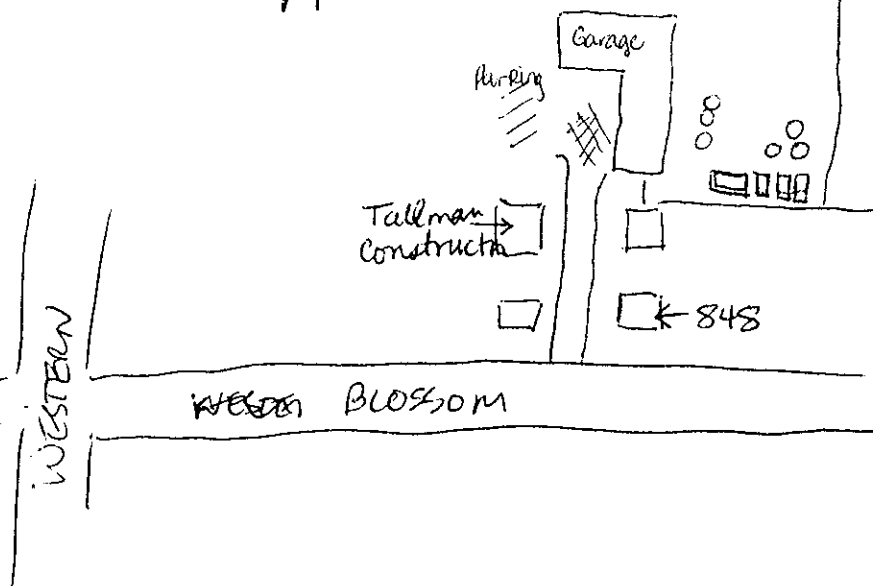

2 small tanks diesel + gasoline
hadn't been used > 20 years

Contractor removed tanks - who?

5.5 gallon drums containing liquid. None of these
bore complete labels. One bore part of a label
indicating the contents were flammable.

Tanks appeared to be: 3 ~ 500 gallon tanks

1 ~ 1000 gal tank.

▨ approximate tank location.

one of the tanks, furthest

to the east, ~~had~~ had no soil

adhering. The

other three were

coated in some

spots with dirt. These three were heavily rusted + had corrosion holes up to
