Re: Closure of Monitoring Wells at 8300 Earhart Rd., Building L615, Oakland CA 94621

Dear Mr. Klettke:

This letter serves to follow-up our conversation today regarding the status of the former 3,000 underground gasoline tank at the above site. It came to our office's attention that you may not have been notified that the above site had received concurrence for site closure by the RWQCB. This letter is to formally notify you of this and request closure of the three monitoring wells at this site, prior to issuance of a closure letter from our office.

You may contact Mr. Andreas Godfrey of Public Works, Water Resources at (510) 670-5575 if you have any questions regarding well closure requirements.

Please contact me at (510) 567-6765 if you have any questions.

Sincerely,

Barney M. Chan
Hazardous Materials Specialist
