Dear John,

Please be advised that all the stockpiled soil at 744 High Street has been disposed at Envirosafe Services of Idaho. Loadout of trucks was accomplished on 6-12-90 and back fill of the excavations and grading was completed on 6-14-90.

Please find enclosed your copies of the manifests generated during the loadout. There was 9½ loads generated. I have already mailed DOHS copies to them.

I have already informed Bob Enkeboll of the completion.

If I can answer further questions or be of service to Southern Pacific Transportation on this or any other projects please call me at 372-9100.

It is a pleasure to work with you on these projects.

Sincerely,

Larry Hudson
