Dear Ms. Chapman:

On March 2, 1989 Southern Pacific Transportation Co. (SPTCo) received a notice from your agency requiring investigation of property referred to as 744 and 758 High Street in Oakland. In response to that notice SPTCo conducted soil and groundwater sampling, and soil remediation. Copies of reports documenting all investigation and remediation activity were submitted to your agency. As those reports indicate, SPTCo has fulfilled all requirements of the notice. SPTCo requests that your agency provide written notification of the results of your review of this case. Please direct any comments or questions regarding this issue to me at (415)541-2557.

Sincerely,

John C. Moe
