Hi Karel – As a follow-up to the voice mail I left you, we have been diligently working on the subject report to meet the October 18 deadline. We have run into a few challenges with data validation and evaluation due to the volume of data generated from the investigation. In order to meet your expectations for the report, we graciously request a two week extension to submit the report to you (that is, to November 1, 2013). Please let me know if this is acceptable and don't hesitate to call me if you'd like to discuss anything.

Thanks, Dave

David J Hodson, P.E.

Karel – I just want to let you know what we will start field work next week and we will revise our sampling approach in the field in response to your comments. Also, we are not going to be able to complete the field work and submit the investigation report within the timeframe you requested (due September 20). I'd like a one month extension to complete these tasks.

Thanks, Dave

Hi Karel – I wanted to let you know that we plan to start work on Monday August 19th. I would like to talk to you about the work when it is convenient for you.

Thanks, Dave
