RE: **Case Closure for Underground Storage Tank Site,
8401 Baldwin Street, Oakland, Alameda County**

Dear Mr. Dwyer,

The Alameda County Department of Environmental Health (ACHD) has submitted a letter which recommends the closure for your site involving the removal of one, 1,000 gallon, leaded gasoline tank. Regional Board staff have reviewed the County file for your site and concur with this recommendation. Therefore based on the available information for the above site, it appears that further investigation and cleanup of petroleum hydrocarbons are not necessary. Further work could be required if conditions change or a water quality threat is discovered at the site.

Please contact Richard Hiett from my staff at (510) 286-4359 if you have any questions regarding the contents of this letter.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven R. Ritchie", is written over a circular stamp or seal.
