July 3, 2000  
ERI 243103SA.L03

Mr. Steve Asmann  
Exxon Service Station  
3192 Santa Rita Road  
Pleasanton, California 94566

Subject: Notification of On-site Activities at Former Exxon Service Station 7-3567,  
3192 Santa Rita Road, Pleasanton, California.

Mr. Asmann:

At the request of ExxonMobil Refining and Supply (formerly known as Exxon Company, U.S.A.) (ExxonMobil), Environmental Resolutions, Inc. (ERI) is notifying you of the upcoming field work related to the drilling and installation of three groundwater monitoring wells (MW5, MW6, and MW7) at the subject site. The work is tentatively scheduled for July 18 and 19, 2000.

The work will require that a drilling rig and two vehicles be on site during field activities. The locations of the proposed wells are shown on the attached Generalized Site Plan. Soil generated during these activities will be temporarily stored on site pending disposal coordination.

ERI will make every attempt to minimize any disruptions to the station business.

Please call Mr. James F. Chappell at (415) 382-4323 with any questions regarding this project.

Sincerely,  
Environmental Resolutions, Inc.

James F. Chappell  
Assistant Project Manager

Keith A. Romstad  
Vice President
