Soil sample analysis from
weld dispensers

Peter Timmerman
Bay Area Tank Testing
2681 Overlook Dr., P.O. Box 4479
Walnut Creek, CA 94596

Enclosed please find the analytical results report prepared by GTEL for samples received on 04/01/91, under chain of custody number 72-12901.

GTEL is certified by the California State Department of Health Services to perform analyses for drinking water, wastewater, and hazardous waste materials according to EPA protocols.

A formal quality control/quality assurance program is maintained by GTEL, which is designed to meet or exceed the EPA requirements. Analytical work for this project was performed in strict adherence to our QA/QC program to ensure sample integrity and to meet quality control criteria.

If you have any questions concerning this analysis or if we can be of further assistance, please call our Customer Service Representative.

Sincerely,

GTEL Environmental Laboratories, Inc.

Emma P. Popek / PAKS
