Subject: Public Notification Period for Potential Case Closure for Fuel Leak Case No. RO0002432 and GeoTracker Global ID T06019701663, Corwood Carwash, 6973 Village Parkway, Dublin, CA 94568

Dear Mr. Woodward and Mr. Singh:

Alameda County Environmental Health (ACEH) is considering the above referenced site for potential case closure. As you are aware, numerous site investigations for the underground storage tank leaks have been performed at the subject property to which you are named as the primary or active responsible party. Thank you for submitting the completed *List of Landowners Form* requested in ACEH's August 11, 2015 Directive Letter.

Public Participation

Public participation is a requirement for the Corrective Action Plan and case closure processes. In order to notify potentially affected members of the public of the potential fuel leak case closure, *Notification of Potential Case Closure* will be distributed to addresses in the immediate vicinity. The *Notification of Potential Case Closure* requests that landowners or residents submit any comments or questions to ACEH regarding potential case closure. ACEH will provide you with written notification if any comments are received during the following Public Comment Period:

- **January 15, 2016** – Public Comment Period Begins
- **March 15, 2016** – Public Comment Period Ends

Monitoring Well Destruction and Waste Removal Activities

After public comments have been addressed you will be requested to destroy site monitoring wells and remove any remaining investigation, remediation, and well destruction derived waste from the site. ACEH will request the well destruction in a separate letter following the conclusion of the public notification period.

Online case files are available for review at the following website: <http://www.acgov.org/aceh/index.htm>. Should you have any questions, please contact me at (510) 567-6708 or send me an e-mail message at karel.detterman@acgov.org
