Hi Mark,

That's fine. I hope you had a great vacation.

Thank you for letting me know. We will stop working on this case.

Trinh,
Sorry for my delay; I'm just back from a longer vacation and have been sorting through emails.

ACEH is in concurrence that case closure is appropriate. ACEH will proceed with case closure, and will change the case status to Eligible for Closure.

Hi Mark/Dilan,

I did not receive any response from you regarding your objections to case closure. I had higher priority projects that I need to complete after sending you the below email so I could not send a follow-up request during that time. Please let me know if you have determined that this case is eligible for closure or not. If not, please let me know your specific objections to case closure.

Thank you.

Hi Mark,

We are in the process of reviewing the Request for Closure for this case. The Path to Closure Plan states that verification monitoring and closure requirements would be in January 2015. Recent correspondences on GeoTracker indicate that the CSM addendum is required by your agency. Please let me know your specific objections for case closure.

Your prompt response would be greatly appreciated.
