Reference: Request for Extension of Site Investigation Report

Former Chevron-branded Service Station 92029, 890 W MacArthur Boulevard,
Oakland, CA (Case #: RO00002438)

Dear Mr. Detterman,

On behalf of Chevron Environmental Management Company (Chevron), Stantec Consulting Services Inc. (Stantec) respectfully requests an extension to submit the Site Investigation Report for former Chevron-branded service station 92029, which was located at 890 MacArthur Boulevard, Oakland, Alameda County, California (the Site). In a letter dated July 9, 2014, Alameda County Environmental Health (ACEH) requested a Site Investigation Report due on September 12, 2014. In an email dated August 22, 2014, the ACEH approved an extension for the due date for this report to November 14, 2014 due to delays associated with Oakland permitting. In an email dated November 7, 2014, the ACEH approved a second extension for the due date for this report to March 13, 2015, again due to delays associated with Oakland permitting.

Stantec obtained the City of Oakland obstruction and excavation permits on February 9, 2015. Once the permit was obtained, subcontractors were scheduled. Utility locating took place on February 17, 2015, and site investigation activities are scheduled for February 25, 26, and 27, 2015. Following the completion of the site investigation, the laboratory reports will be obtained approximately 2 weeks following submission of the samples to the laboratory. To allow sufficient time to complete obtain the laboratory analytical report, evaluate the data, and submit the Site Investigation Report, Stantec respectfully requests that an extension be granted for the Site Investigation Report to be submitted to ACEH by April 24, 2015.

Regards,

Stantec Consulting Services Inc.
