Mr. Detterman,

I left you a voicemail regarding an extension for the Site Conceptual Model and Data Gap Work Plan for 890 W. MacArthur Blvd., Oakland, CA. It is an extensive document, and our client would like additional time to allow for further peer review prior to submittal; therefore, unfortunately, the requested deadline of July 26, 2013 will not be met. We apologize for the delay, but we want to ensure the document appropriately addresses the site data gaps and a meets all of the objectives to effectively progress this case towards closure. We plan to submit a final Site Conceptual Model and Data Gap Work Plan to you by August 16, 2013.

If you have any questions, please feel free to contact me at the phone number or email below, or you may contact the Chevron Project Manager, Carryl MacLeod, at (925) 790-6506 or [CMacleod@chevron.com](mailto:CMacleod@chevron.com).
