3/28/05, 204p, jennifer worthley, Duncan & son petro, Benards gas, airway blvd, Looking for response to reports

03/29/05, 1055a,
1051 airway, livermore, SCM & sensitive receptor survey, CW is Bob Schultz she spoke in October 2004, re site
Had not heard from him since.
She then sent letter re: site to eva.
Recc she contct Bob re: site, she is frustrated with response frm county.
Seems some confusion, bob is CW not eva, I recc we get RP involved & conf call with her, RP, Bob & I, she. She doesn't
necc want to involve the RP. Seems best we all do a conference call w/the RP, Gil Moore, 916-443-0890,

SCM submitted - they want to know status, they had previously called in Oct. 04
916-851-0174

I returned call on 4/28/05 and spoke with Jennifer
we are working on case file review and will get to the case as soon as possible her SCM did not include recommendations
or a workplan so the burden of review and consideration is placed on the County, therefore more time is required
she also inquired about the Duncan petroleum site: I told her that from our DB it does not appear to be assigned and she
should call Donna, new caseworker has been hired and has been here for about 2 weeks

Aug 2002 request for SCM
12/19/02 submittal, no response from county
916-851-0174

returned call on 10/12 @ 11:25AM
4.3 to 280 ppb MTBE, 6.5 ppb TAME in one boring
told consultant that I will review case file and respond to SCM
consultant expects that additional investigation will be required and they would like to push case toward closure
