Tim,

The Draft CAP still needs to go through public review. To begin public comment, I must review the Draft CAP to assure that it is acceptable for public review and then prepare and distribute a public notification. I expect to complete my review and if appropriate, prepare and distribute a public notification this week.

Subject: Draft CAP for Sunol Tree Gas Station

Hi Jerry,

The 30 day public review period of the Draft CAP for the Sunol Tree Gas Station should be complete by now. The report was sent to you on December 15, 2010. Have you received any public comment such that I need to revise the CAP? Please advise as we would like to finalize the CAP as soon as possible. Please send a correspondence with further instruction.

Thank you,

Tim Cook
