Alameda County  
Environmental Health

April 19, 1993  
File 2198.17 (UST)

Mr. Richard Haber, Helmut Motors  
82 W. A Street  
Hayward, California 94541

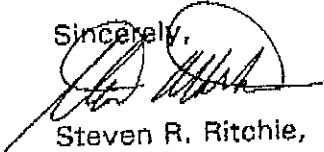

Subject: UST case closure for Helmut Motors, 82 W. A Street, Hayward, California.

Dear Mr. Haber:

The Alameda County Department of Environmental Health has submitted a report which summarizes the investigation and cleanup of hydrocarbon pollution resulting from leaks associated with two 5000 gallon gasoline and one 500 gallon waste oil underground storage tanks at the above mentioned site, and recommends that the case be closed. The Regional Board staff reviewed the report and concur with the recommendation. Therefore, based on the available information for the above site, it appears that further investigation and cleanup of the hydrocarbon pollution is not necessary at this time. However, further work may be required if conditions change or a water quality problem is discovered at the site.

Please contact Susan Rigala at (510)-286-0434, if you have any questions.

Sincerely,

  
Steven R. Ritchie,  
Executive Officer
