Mr. Silva,

Based upon your request, the schedule for submittal of the Site Investigation Report for case RO2466 is extended to September 8, 2009.

Regards,

Jerry Wickham

Mr. Wickham-

I am sending this e-mail (based on our telephone conversation this morning) to request a 31 day extension for the submittal of the Site Investigation Report; originally due August 7, 2009. The extension is requested due to unexpected delays in the installation of the sub-slab vapor probes (sub-contractor equipment failure). The new proposed due date for the submittal of the Site Investigation report is Monday September 7, 2009. Please let me know if this is acceptable.

If you have any questions or concerns, please don't hesitate to give me a call.

Thank you,

Brian A. Silva
