SUBJECT:       REQUEST TO EXTEND DUE DATE for Sub-Slab Soil Gas Investigation Report  
Former James River Corporation (RO 2468), Geotracker T06019771096  
2101 Williams Street, San Leandro, CA 94577

Dear Mr. Detterman:

2101 Williams Associates LLC respectfully requests an extension to submit our Sub-Slab Soil Gas Investigation Report for the former James River Corporation (RO 2468). In a letter dated April 18, 2016, the ACDEH approved our modified work plan for the vapor investigation with the report due July 15, 2016.

We would like until August 15, 2016 to submit the report. We are at a crossroads in terms of strategy and our relationship with the former property owner, Printpack, Inc. We hope to combine efforts with Printpack, Inc, and we need the additional month to bring them up to date on our efforts and work out a plan going forward.

Please let me know if extending the report due date is acceptable. Thank you.

Sincerely,

Carey Andre
