Hi Vicki,

Dilan has not been available for me to discuss some outstanding issues with the document, although it looks like we do have a document that will probably work. Thanks for your patience in this matter.

Hi Anne.

Thought I would ask where we are on this closure. Did you and Sandra find a document that would work?

Hello Vicki,

Thanks for sending those documents. Yes, they were helpful, although as it turned out, Jerry had at least one of them on file.

Thanks for your patience. I am working to get this resolved soon, I just need to talk to my supervisor, Dilan Roe, about an issue before the document is signed and notarized to make sure everything is in order. I am supposed to discuss it with her today.

Anne

This is what Sandra sent me while back. I also attached the original Word doc for your use.

So there were a few edits after we gave her the Word document for her use.
