### NOTE TO FILE

RO2491 SLIC - consolidated into LOP RO2565

Solvent contamination present at this site potentially from off-site dry cleaners RO2580 (10700 MacArthur) or from on-site waste oil UST. MTBE/PHC release at site, is bigger portion of case & solvents monitored & reported as part of PHC/MTBE investigation. Therefore this case consolidated into LOP case RO2565.
