Brian Behr of ENV America, Inc. called 415-989-9933 Ext 225 415-989-9934 fax. Hired by Vulcan Materials to prepare a Work Plan. Brown and Caldwell submitted a Work Plan in 2003 to put in four soil borings. We sent them a letter in Nov 2005 with comments and late letter in August 2006. I faxed him the letters. Will consider alternate Work Plan as long as equivalent or greater in scope than current proposal when they submit.

Brian Behr called on 11/6/2006. Will submit WP signed by PG to FTOP site. New PG does not have stamp. Has received comments and will address during the investigation, does not need to re-submit WP.
