Subject: RE: 1520 Powell Street, Emeryville - Closure Status (206265)

Hi Justin,

The subject site is being regulated under the Site Cleanup Program (SCP) and is in the queue for closure review. ACEH is currently prioritizing Leaking Underground Fuel Tank (LUFT) sites due to SWRCB mandates associated with implementation of the Low Threat Closure Policy. ACEH has a number of very active SCP cases at this time and is fitting them into the closure review queue as time allows. We anticipate that after August 17th, 2013, the LUFT case load will become more manageable. We look forward to actively moving this case along a path to closure.

Subject: 1520 Powell Street, Emeryville - Closure Status (206265)

Mr. Detterman,

Could you please provide me with a status update on the review of the Site Closure request submitted for the former Chevron Asphalt Plant and Bulk Terminal #20-6265 located at 1520 Powell Street in Emeryville, California? The Site Closure request was submitted for this site to Alameda County Health Care Services Agency on December 12, 2012.

Thank you,

Justin Sobieraj, PG | Project Geologist | justin.sobieraj@arcadis-us.com
