RO2536 (TOXIC)

6/21, 830a, Susan Coleman, calling for status of property she is buying & if RP paid his deposit for dep/ref he was behind on issuing us a deposit.

RP & consultant not giving her info, & since she is buyer & relator she feels it's a conflict of interest to inquire of person she is buying property from. Its been 2 yrs she she enterered into an agreement to buy property. recc she keep in contact with RP as she is trying to buy their contaminated property she needs to be in contact with the RP for contamination info, we work with RP & consultant on sites, her calls re: having us check on status of case file & deposits on site are charged against the RPs deposit that is set up for technical oversight for the RP & consultant & would currently put RP further in arrears.

Since she proposes to buy contaminated property she needs to be working closely with the RP.
