Dear Mr. Lawlor,

Alameda County Environmental Health (ACEH) staff has essentially completed the closure summary for the subject fuel leak case. Missing are the historical summary tables presenting the soil and groundwater analytical results. Please provide these to ACEH at your earliest convenience. Note that a column in the soil table should specify depth the sample was collected. A cover letter, professionally stamped, explaining what is being provided and the perjury statement should accompany the tables. Without further delays the case should formally close next week.

Should you have any questions regarding this correspondence or your case, please call me at (510) 567-6764 or send an electronic mail message at [keith.nowell@acgov.org](mailto:keith.nowell@acgov.org).

Respectfully,

Keith Nowell
