Hi Paresh, Donna.

Just a quick note to confirm our meeting of tomorrow at 10:30. I will be visiting you in the company of Ed Kangeter, co-owner of CASS Metals, a West Oakland business considering the acquisition of the 1685 24th Street property for use as a materials handling and storage yard.

I've reviewed the file and available information for nearby properties. All we hope to gain tomorrow is a sense as to what near term and longer term steps will be required to address the tank-related environmental conditions at this site to ACEH satisfaction. While the work to date has certainly not been comprehensive, I think enough has been done to give us a good sense as to the path to travel. A discussion/illumination of this path will inform aspects of the transaction.

Thanks in advance for your assistance. We look forward to seeing you tomorrow.
