**Subject:** Contact Information

Mr. Wickham,

Just left you a voicemail as well, but wanted to reach out and provide my contact information for future use.

The Source Group has recently been contracted by The Brush Street Group, LLC for the Former Francis Plating Site at 751-785 7th Street in Oakland, California. The current scope of our contract is to implement the Revised Work Plan for Soil Gas and Sub-Slab Vapor Investigations, prepared by Baseline Environmental Consulting, submitted on September 21, 2012.

We are currently planning on performing the work the week of March 25, and I wanted to touch base to introduce myself and discuss the sub-slab vapor point installations.

Can you give me a call at your convenience or let me know a good time to call?

Thanks,  
Matt

Matthew C. Sutton, P.E.
