Met with Ms. Schweickert on 5/5/05.

Talked with Dave Charter re Cleanup Fund on 5/6/05.

Called Julie Rose to inform her that could get minimum \$10k waived and may be able to get time period down to two months. According to Julie Rose, Fund is working to get to 70 days for reimbursement.

Spoke with Bob Lauritzen of Gettler-Ryan regarding drilling the hole to get to 65-70 feet bgs. He will speak with Gregg Drilling to see if their CPT rig can get to that depth in Livermore. I told him we are OK with going to 65-70 feet bgs since distance will not be that far from source.

Called Julie Rose on 5-19-05. Gettler Ryan dealing directly with Schweickerts. Ok on moving location to fenceline.

Sent e-mail message on 5-19-05 to Bob Lauritzen with clarifications. Quarterly data due on 9/15/2005 and Geotracker submittals also due.

Returned call from Chris Grey, he wwants to know who is dragging their feet on site.  
--=> no one. consultant performed drinning 01/24/05, report not written not submitted yet.

Received timeline too (letter), however nothing can be done on her site until consultant has a chance to review results of field work, write report & submit.

Has free product on GW in drinking water basin  
Spoke to Chris before & to Ass. Guy Houston's office.  
Spoke to Marie numerous times & to her son & explained issus re: contamination on property.  
Had Ariu invite her to our offices for a meeting to discuss her site, she declined.

Chris Grey - Just keep doing outreach, just keep doing what you can.
