Hi Grover,

It was good to talk to you just now. Please use this email as approval of your extension request. The delay (through an extension request) for the adjacent site to February 28th is sufficient cause to extend the due date to April 29th.

Subject: Work Plan Revisions for Emery Station East

Dera Mark,

Will you please give me a call? I was not copied on the investigation report for the Tosco/Chevron Site at 1400 Powell Street in Emeryville, which I was going to use to revise our work plan. In Geotracker it looks like it was submitted February 28. Was it? I can't access it in Geotracker and don't know if I can access it on your Alameda County web site. Can you send it to me and can we discuss? Also, since I need to review it and revise our work plan accordingly, may we get an extension of the work plan due date to April 29, 2011? I'll appreciate it. By the way, your phone mail box is evidently full.

Regards,

Grover
