

CONTACT LOGS (15550 Washington Ave., San Lorenzo)

01/11/99

Called Chuck Huddle, RWQCB, (510) 622-2433 to discuss the acceptability of the workplan.

Mr. Huddle said that he doesn't have much experience w/ pesticides since they generally don't migrate into groundwater, and referred me to Madhulla Logan. ^{He did suggest sampling} San Lorenzo Creek for impdet.

01/11/99

Left message for Madhulla Logan, (510) 567-6764, regarding the site & requested that she contact me to discuss the workplan.

01/11/99

Contacted Peter Langtry, Lowrey Assoc, 510-267-1970. He stated that they already ~~submitted~~ implemented the workplan and that they submitted a report documenting the work and the verification sample results to Madhulla Logan w/in the last month. He stated that construction work has already begun at the site.

⇒ The case was referred back to Madhulla Logan.
